

Grant Thornton's not-for-profit service team understands that your organization must squeeze every opportunity out of every resource you have available. No matter what type of not-for-profit organization you are, succeeding is still a matter of dollars and sense.

As accountants and management consultants for more than 75 years, Grant Thornton's not-for-profit service team has earned its outstanding reputation and wealth of experience by focusing on serving the not-for-profit industry.

To learn more about our accounting and management consulting services, call the Grant Thornton office nearest you, or visit our Web site at:

www.grantthornton.com/nfp

Grant Thornton's dedication to **not-for-profit organizations** includes a complete array of financial, business management, and operational services developed specifically to provide **measurable results** for organizations like yours.

Our service offerings include:

- **Audit and tax services** based on a thorough understanding of specific compliance and regulatory issues confronting not-for-profit organizations.
- **Financial planning and analysis**, including budget process improvement, financial reporting, and activity-based cost analysis.
- **Organizational and management consulting**, including strategic organizational assessment and redesign to help your organization adapt its current structure to its evolving mission.
- **Strategic management planning and market positioning** to assess your position in the marketplace and to evaluate, facilitate, and help implement appropriate strategic responses.
- **Information technology services**, including *iMIS* and Great Plains software implementation, and risk management assessment – all to position your organization in today's technology-driven environment.
- **Merger and acquisition services** from due diligence through post-acquisition and consolidation.
- **Compensation and benefits consulting** to help you attract and retain employees while minimizing costs to your organization.
- **Board of directors development and consulting** to help your board clarify both your organization's mission and the board's role in achieving it.

Why choose Grant Thornton?

- Our firm's commitment to industry-focused resources.
- Personal attention from partners and managers.
- Services tailored specifically to meet your needs.
- Realistic goals with implementable solutions.
- Business advice resulting in measurable benefits.
- Alerts, regulatory updates, and timely information that may affect the way you do business.
- Reasonable fees.

This is what sets us apart from the competition.

A tradition of service and value

Serving the not-for-profit sector is a core focus in our firm. Our highly committed partners and managers have spent a significant part of their careers working with, and for, not-for-profit organizations. We understand the complex challenges you face and have the 'know-how' to help you innovate for the future.

Our team of not-for-profit professionals constantly monitors trends and developments within the not-for-profit sector as well as the broader competitive environment to develop services that meet your business needs.

While our tradition of service is a firmwide legacy, it also transcends and drives every aspect of our operations. By choosing Grant Thornton, you will experience first-hand the service commitment of our partners and staff as we work together to fulfill your mission and reach your goals.
